GEARED UP

VENDOR NEWSLETTER  VOLUME 21

OUR MISSION

ADS is intensely focused on providing timely and cost effective Operational Products and Logistics Services Solutions our clients need to increase their operational effectiveness, complete their missions, and make this world a safer place.

As part of our mission we have created GEARED UP – our monthly newsletter. GEARED UP is your resource for the latest operational equipment available through ADS. We look forward to hearing your thoughts on anything you would like to see in future issues.

Please contact us at adsnewsletter@adstactical.com with any questions or comments.

FLIPFINS®

THE WORLD'S ONLY FINN FOR EASY TRANSITION FROM WALK TO DIVE MODE

Flipfins® are high performance swim and dive fins that allow users to walk when entering and exiting the water. They make walking, climbing boat ladders and other movements as easy as wearing ordinary shoes. Flipfins® have been tested and proven to be most operationally effective scuba fins that can be worn when exiting aircraft or helicopter during water jumps. Flipfins® have been designed for complete hands-free operation once in the water and required to be strapped on prior to entering the water. Once submerged, a set of kicks will lock blades down under the water pressure. When exiting the water, pushing a lever back will flip blades up. Blade's design provides the unbeatable performance and power, while reducing the load and conserving energy required for sustained kicking.

- Patented Amphibian® Flipfins system
- Patented Aqua Hinge™ and locking mechanism with easy actuating release lever for hands free operation
- Perfect for airborne water entries as in helicopter water rescue and special operations water jumps
- Ultra-light weight and slightly negative buoyancy
- Two blade lengths available to meet mission specific requirements
- Large, anatomical foot pocket with raised slip resistant thread design
- Designed to fit all tactical foot wear
- Adjustable rubber straps with a large loop and quick release buckles. Also available with spring heel straps
- Popular with Special Ops and professional divers
- Proudly Made in the USA

A STEALTH FLIPFINS®

Short, super light blade provides explosive thrust for quicker entries and ascents.

Model	Item Number
Large, Black	SF-148701L
Large, Orange	SF-148704L
X-Large, Black	SF-148901X
X-Large, Orange	SF-148904X

B STEALTH MAX FLIPFINS®

- Molded with a stiffer TPE compound. Produces maximum thrust.
- Long blades offer the unbeatable performance and efficiency with minimum effort during operations in the open water.

Model	Item Number
Large, Black	SF-148711L
X-Large, Black	SF-148911X

C AMPHIBIAN FLIPFINS®

- Molded with a softer, more flexible TPE material to achieve optimal performance with minimum effort.

CROSSBOW™

THE EYESHIELD RE-INVENTED

Lenses

- Interchangeable, 2.4mm polycarbonate high-impact lenses provide 100% UVA/UVB protection.
- CLEARZONE FCTM dual lens coatings maximize scratch resistance on the outside & fog resistance on the inside. Wide-wrap lenses provide unparalleled lateral coverage from projectiles. ESSOPTICS™ ensure distortion-free optical precision throughout the entire field of view.

Standards

- Meets or exceeds U.S. MIL SPEC MIL-PRF-31013, ANSI Z87.1+, CE EN 166, U.S. Federal OSHA

Frames

- Engineered TRI-TECH™ FIT comfortably conforms to a wide variety of faces. The DEDBOLT™ LENS LOCK reliably secures lens in position; the quick-release lever twists to allow for rapid lens interchange. Durable thermoplastic nylon frames are optimized for superior compatibility with helmets, communication and night vision equipment.

London Bridge
Trading Co.

LBT-2595K

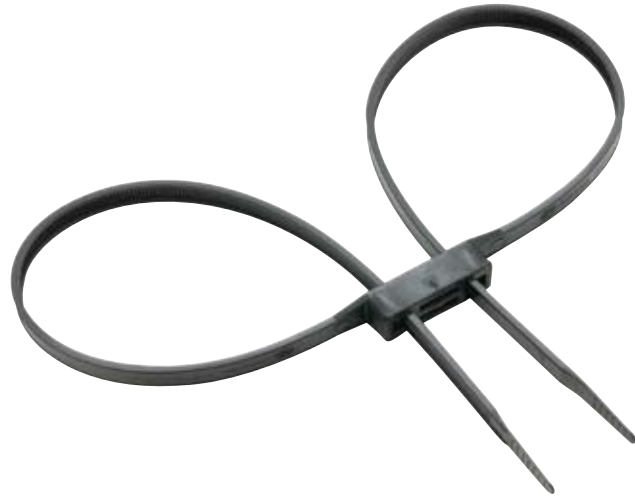

- Made of 1000 Denier Cordura nylon
- Padded waist and shoulder straps for maximum comfort
- Side compression straps for load security
- Molle compatible face
- 3 carry handles for easy short distance carries
- Hydration/communication port at top
- Comes with or without 100 oz. Source hydration bladder
- Approximately 2600 cubic inches

Double Cuff™ Colors

DOUBLE CUFF™

- 34" (86.36cm) when laid flat.
- Double Cuff is two cuffs in one, which allows for quicker subject control.
- Lifetime repair or replacement guarantee.
- Made in USA.
- **Color: Orange, Blue, Purple, Green, Lime Green, Pink, Yellow, Tan, Black, White And Red (For Training).**

V-Lite

V-LITE A BATTERY POWERED COMBAT MARKING DEVICE

The V-Lite is a battery powered combat marking device that comes in multiple colors and lighting functions. The V-Lite housing is flat and flexible, which forms to the curvature of the users helmet. This reduces the chance of the light getting snagged during parachute operations. The V-Lites ergonomical low profile design attaches easily into MOLLE. The tactile switch gives the user positive feedback when the V-Lite is activated.

OUTDOOR RESEARCH

FINGERLESS OVERLORD

Newly NAVAIR approved and will be available for order shipment in mid-December

Intended Usage:

- Technical weapons-handling glove for patrolling and combat

Features:

- Massif® Wolverine™ Stretch Nomex® fabric passes the stringent ASTM D 6413 standard for flame resistance
- Fabric offers abrasion resistance and FR protection
- Digital FR leather palm and fingers for excellent durability and tactility
- Leather and stretch fabric combination improves dexterity and venting
- Digital leather knuckles offer protection
- Articulated thumb for increased control
- Leather wrist stirrup creates support and a snug fit
- Long cuff for overlapping FR protection
- Double-needle stitching for durability
- **Size: Small - XX-Large**
- **Color: Tan/Tan, Tan/Black**
